

# Work at Bays Mountain Park !

## **\$2,500 SEASONAL CONTRACT: JUNIOR COUNSELOR, SUMMER DAY CAMP**

### **Qualifications:**

Must be, at minimum, a high school senior who has been accepted into a college or university for Fall 2019, or a college freshman, sophomore or junior. Major course of study should be in education, natural history, or related field, but other disciplines will be considered, especially if the applicant has experience working with children. The candidate must have an overall C+ average for the last academic year and a B in his/her academic field. The candidate must be recommended by a faculty member in his/her major department. Financial need of applicants will not be a factor in selecting a recipient of the scholarship.

### **Definition:**

Work 40 hours per week from late May to early August at Bays Mountain Park. Some weekend and evening work will be required. Duties will include, but not be limited to, organization, direction and leading the park's day camp program for children ages six through eleven-years-old; becoming familiar with local flora and fauna as well as the park's cultural history. After a reasonable period of orientation, successful candidate must be able to present public programs, plan crafts and activities for up to 30 camp attendees per week, and be under supervision of senior counselor and recreation coordinator. No room or board will be provided by Bays Mountain Park or BMPA.

## **\$2,500 SEASONAL CONTRACT: NATURALIST INTERNSHIP**

### **Qualifications:**

Applicant must be a current student having completed at minimum one full year of college. Major course of study should be in natural history, environmental sciences, wildlife management or related field. Applicant must also have a strong desire to educate others in matters concerning wildlife sciences and environmental issues. Applicants should also be able to lift between 30-50 pounds. An interest in Appalachian history is helpful but not required. Candidates must have an overall C+ average for the last academic year and a B in his/her academic field. Financial need of applicants will not be a factor in selecting a recipient of the scholarship.

### **Definition:**

Work 40 hours per week from late May to early-mid August at Bays Mountain Park. Weekend and some evening work required. Intern will assist park naturalists with daily programming and duties specific to the park's Herpetarium and Farmstead Museum. Intern will be expected to become familiar with local flora and fauna as well as the park's cultural history. After a reasonable period of orientation, successful candidate must be able to present public programs, carry out daily responsibilities specific to their work area, and work with daycamp counselors on camp related activities. No room or board will be provided by Bays Mountain Park or BMPA.

### **To Apply:**

Send resume including name, primary mailing address, and phone number(s) of three references, at least one of which should be a faculty member in candidate's major department. Cover letter may be included. Desire, experience, and ability to work with visitors in both an indoor and outdoor environment will be of special interest to the selection committee. Finally, we request a copy of candidate's transcript be sent along with the resume. Upon review of all applications, the most qualified candidates will be contacted for interviews.
